

# Enjoy Ya Self

Chubb Rock

[Chubb Rock]

Enjoy ya self cause life is too short  
Everybody dismantle your shotty  
Your nine millimeter needs to take a long breather  
for the white black jewish koreans need to  
grab a neighborhood skirt, go to a concert  
Scream for Chubb while I rip up the club  
The rhythm of the vibe was alive and you felt it  
Your girl is provocative, you take her home and pelt it  
And after the pelt, she feels like a cheddar melt  
Just play it cool, and just..

Chorus: {sung}

Enjoy yourself, enjoy yourself  
Enjoy yourself, and just enjoy yourself  
Enjoy yourself, enjoy yourself  
Enjoy yourself, and just enjoy yourself

[Chubb Rock]

Chubb is not a party animal  
but when it comes to a jam, I have the plan like Hannibal  
Smith - I don't take a draw from no spliff  
The scene of the beam doesn't redeem and if  
I want to get high, I just fly  
Walk up to a cutie, and say, "Hi..  
when I wake up tomorrow, are you gonna be next to me?"  
She's confused, but she sweats me  
I wear my galoshes so I can protect myself  
Carry yours G, if you just wanna..

Chorus

[Chubb Rock]

People used to say that I was a fuddy-duddy  
Only used to care about how to make money  
Up from the Hamptons to Flushing Meadows  
Decorated by an Art Deco  
My nickname was "The One"  
now "The One" was the only one who didn't have fun  
But no more, goin buckwild on the tour  
Keepin people in stitches on the floor  
Clark Kent and Tracie thought I was spacy  
The funniest in the nation laughed for the duration  
Don't play yourself cause yourself needs a good self  
And just, {enjoy your..}

Chorus

{singers}

enjoy yourself  
.. and just enjoy yourself  
enjoy yourself  
.. and just enjoy yourself

Chorus (1/2 to fade)
