

Got To Get Myself Together

Chubby Checker

I had a chance for true love
But I had to let you go by
Got to get myself together
Cause all I do is cry
I took your love for granted
It turns out I wasn't too smart
Got to get myself together
Before I fall apart
I played for fun
I played for fun
You played for keeps
You played for keeps
Now I'm the one
Now I'm the one
Who wound up with a heart that weeps
And now I know I love you
If I lose you baby I'll die
Got to get myself together
And give it one more try
Yeah
I played for fun
Yeah I fooled around
You played for keeps
And I put you down
Now I'm the one
Who wound up with a heart that weeps
And now I know I love you
If I lose you baby I'll die
Got to get myself together
And give it one more try
Yeah
Got to get myself together
And give it one more try
