How You've Changed

Chuck Berry

Gee, you've changed since the day you told me your name Yes, you've changed, your kisses don't feel the same How, you've changed, our romance to play from dance First you told me that you loved me and I believed

Then you sold me with the vow that you've never leave Now you scolded me, caring not how my heart grieves

Hmm, how I'll loved you, since the day you told me your name Yes, I loved you, thinking you all the wild that's upsane And I'll still love you, even knowin?I know you've changed.
