La Jaunda

In Baya California
Down in Tijuana
La senorita come to me
She say "Mi nombre es La Jaunda"
I asked her would she care to dance
She looked at me and said "Como esta?"
I say "Hablo solo en Ingles
Y no comprendo Espanol"
I speak only the language of English
I don't understand Espanol

For a moment I took a notion Then I went into a dancing motion She nodded her head "Yo mucho gusto" she said And she danced with more devotion When her cheek came close to mine I could hear her softly whisper She said "Habla solo la langua de Ingles Y no comprenda Espanol" I speak only the language of English I don't understand Espanol

She placed her hand before my heart And she whispered "Yo te amora" With half - closed eyes She raised her lips And she said "Besame ahora" She hold me close and she squeeze me tight And she whispered " Yo quiero ahora" I say "Hablo solo la langua de Ingles No comprendo Espanol" I speak only the language of English I don't understand Espanol **Chuck Berry**
