

## Somebody New

Chuck Jackson

The only way I know how  
To tell you that we're through  
Is to explain the whole hearted  
Truth to you

I've found somebody new  
Somebody fine and brand new  
And no, no, no, no longer  
Am I love in with you

Listen, she's got pretty lips  
Flashy eyes  
She's telling me sweet things  
While you've been telling me lies  
Mama, we're through

But it's all right, oh, oh

Yes, I've got somebody new, yeah  
Somebody fine and brand new  
And no, no, no, no longer  
Am I love in with you

Listen, she treats me good  
She treats me right  
She give me good loving  
Morning, noon and night  
Baby, we're through

But it's all right

I'm talking about somebody new  
Yeah, yeah, yeah, yeah, yeah  
Somebody fine and brand new

It was in my mind, baby  
And I had to tell you  
That we were through

But, oh, oh, you understand  
Don't you, baby, it's all right
