

Charlie

Chumbawamba

All of nature in its place
By hand of the designer
Comes our Charlie spins the world
From here to Asia Minor
In between the Platypus
And perfect Aphrodite
Charlie come with opposing thumb
To question the Almighty

Over the river and over the sea
Through holy storm and thunder
Steer a course for a brave new world
Of common sense and wonder

See the dancing President
The congressman and teacher
Jumpin' to the music of
The wealthy Midwest preacher
Charlie come with a brand new dance
Get on the floor and follow
Find yourself a partner and
We'll swing into tomorrow

Over the river and over the sea
Through holy storm and thunder
Steer a course for a brave new world
Of common sense and wonder

Armed with truth we're stepping out
Come join the worldwide party
Charge your glass and face the world
We'll drink a toast to Charlie

Over the river and over the sea
Through holy storm and thunder
Steer a course for a brave new world
Of common sense and wonder.
