## I'm Not Sorry I Was Having Fun

## Chumbawamba

```
By the time I got to Woodstock
It was going up in flames
In June under a silvery moon
Why do all your songs turn out the same?
Got got got, not got
I'm not sorry I was having fun
I'm not sorry
I got that old time religion
Where we still don't cross the picket lines
You got Rush Limbaugh on your side
But I got Ricky Tomlinson on mine
Got got got, not got
I'm not sorry I was having fun
I'm not sorry
Got got got, not got
I'm not sorry I was having fun
I'm not sorry
Now since this, uh, single was a great hit all over the world y
ou must have earned a lot of money and we were wondering how be
ing an anarchist and, um, being a rich man get along together?
