Pass It Along

Come on

Chumbawamba

Come on Come on Send this song to twenty people Add your name, don't break the cycle Pass it along by word of mouse Save the world, don't leave the house Because a virtual office in a virtual home Means you'll never have to drive Through the wrong part of town Pass it along by word of mouse Save the world, don't leave the house Pass it along Don't leave the house Pass it along Don't leave the house Aah, where do you want to go today? Aah, somewhere you could never take me Aah, where do you want to go today? Aah, somewhere you could never take me Pass it along, pass it along So here's your final resting place Your heaven is protected by security gates Shut out the world, it's getting worse Save yourself, don't leave the house Because a happy future is a thing of the past And there's always another repeat Shut out the world, it's getting worse Save yourself, don't leave the house Pass it along Don't leave the house Pass it along Don't leave the house Aah, where do you want to go today? Aah, somewhere you could never take me Aah, where do you want to go today? Aah, somewhere you could never take me Brave new world (Aah) Population one (Where do you want to go today?) (Aah) Just pass it along (Somewhere you could never take me) Brave new world (Aah) Population one (Where do you want to go today?) (Aah) Just pass it along (Somewhere you could never take me) Brave new world (Aah) Population one (Where do you want to go today?) (Aah) Just pass it along

(Somewhere you could never take me)... Yea
