

Solid Gold Easy Action

Chumbawamba

Two little ducks sank with a knock, knock, knock
She got twenty on tick and smoked the bloody lot
The fridge was bare, the dog was bones
Weavin' and a-bobbin' when the tallyman calls
Mary, Mary, she went up the wall
And she kissed bye-bye to the holiest Joe
Played the wild rover and climbed on board
Says, 'It's all that the lady of the manor can afford'

I can't get no satisfaction, all I want is easy action
I can't get no satisfaction, all I want is easy action

Meet Miss Morrissey, fingers light
She lifted up his hat and he wept all night
She's the woman with the granny bag dressed to the nines
The pleasure and the privilege mine all mine
Candid camera on every bloody wall
All the cameras under Heaven couldn't catch 'em all
Fill those pockets and lift that grail
Lead me into temptation, girls

I can't get no satisfaction, all I want is easy action
I can't get no satisfaction, all I want is easy action

All the threes and all the queen bees
Singing 'does the driver wanna wee wee?'
Wicked ladies, malicious intent
Your honor, I was only trying to pick it up for lent.
Does the driver wanna wee wee?
Does the driver wanna wee wee?
Does the driver wanna wee wee?
'Cause we want to wee wee too!

Why waste change, why change the habit
If the girl's got to have it then the girl's got to have it
Easiest pickings, wall to wall,
In England's piped ceramic malls
By the dickens and the devil's daughter
Bingo full house everyone's a winner
The lady works in mysterious ways
All because the lady loves Christmas every day

I can't get no satisfaction, all I want is easy action
I can't get no satisfaction, all I want is easy action
I can't get no satisfaction, all I want is easy action
I can't get no satisfaction, all I want is easy action

Too late, too late, too late, too late
Too late, too late, too late, too late
Too late, too late, too late, too late
Too late, too late, too late, too...

Some people wanna fill the world with silly love songs
