

The Best Is Yet to Come

Chunk! No, Captain Chunk!

I've spent the last few years pouring gasoline on every bridge.
Don't waste your time on me, I keep on losing myself at sea.
Don't try to hold me down, you know another one, it just can't
last forever!

I need to leave this town, I feel like it my time, forgive me n
ow or never.

I'm burning all these bridges,
Cleaning my mind and burying my memories,
So please don't wait for me...

Everyday I see my own life falling down.
I won't lie anymore to you, that's the best I can do.

One last time, let me start over, just leave my name behind,
and rewrite on the tape of my life with a better mind.

Don't try to hold me down, you are hearing the one I used to be
.
I'm far from this town, I shut down my past and threw away the
key!

I feel I will never be the same!

I'm leaving for a long time.
Losing myself and hoping to get my clear sight, before I lose m
y mind...

Everyday I see my own life falling down.
I won't lie anymore to you,
That's the best I can do.

One last time, let me start over, just leave my name behind,
And rewrite on the tape of my life with a better mind.

Here's my dead line,
And I'm not here to lie. Now it's my time.

Time's running fast, the best is yet to come.
Don't stick to the past, 'cause nobody moves on.
Time's running fast, the best is yet to come.
Don't stick to the past, 'cause nobody moves on.
Time's running fast, the best is yet to come.
Don't stick to the past, 'cause nobody moves on.
Time's running fast, the best is yet to come.
Don't stick to the past, 'cause nobody moves on.
