

Boston Strangler (Albert De Salvo)

Church of Misery

Please let me inside
open your door
i'm here to choke you down

show me you're smiling
and hear me your crying
white tears fall from my grace

reign of sperm - white noise
i lost my mind
in a trance, i will cum

writhe to feel your spasm for twisted lust
pour some white - glop on you old slut
strangle to feel your spasm, and it's so good
i'm caught in the lust that's twisted
for my distorted youth
