

# Down Side of Me

CHVRCHES

Maybe I  
Tell you that it's no big deal  
Maybe I can aim this high  
Or maybe I could eat my words

You're not same, not the same, you're not the same  
Not the same, you're not the same, not the same  
You're not same, not the same

I believe, I believe  
And tell myself to think forward  
I will show I believe  
And hold you up and know that you're all I see in the light  
And never do what I used to

Maybe you  
Could tell 'em that you stayed the course  
Maybe I could tear my view  
Or maybe I should eat my words

You're not same, not the same, you're not the same  
Not the same, you're not the same, not the same  
You're not same, not the same

I believe, I believe  
And tell myself to think forward  
I will show I believe  
And hold you up and know that you're all I see in the light  
And never do what I used to  
And never do what I used to

Keep you away from the down side of me  
You can keep me a drip of the light that you see  
I believe that you're all that you said you would be  
If I keep you away from the down side of me  
(Only if you could see)  
You can keep me a drip of the light that you see  
(Only if I could see)  
I believe that you're all that you said you would be  
(Only if you could see)

If I keep you away from the down side of me  
(Only if I could see)  
You can keep me a drip of the light that you see  
(Only if I could see)  
I believe that you're all that you said you would be  
(Only if I could see)  
(3x)

You would be  
You would be  
You would be

I believe, I believe  
And tell myself to think forward  
I will show I believe  
And hold you up and know that you're all I see in the light

All I see

I believe, I believe  
And tell myself to think forward  
I will show I believe  
And hold you up and know that you're all I see in the light  
And never do what I used to  
And never do what I used to
