

# Get Out

## CHVRCHES

Talked ourselves to death  
Never sayin' what I wanted  
Sayin' what I needed  
I pushed you to the edge  
Never knowing what I wanted  
Knowing what I needed you to say

Reflections you used to see  
Never look alike to me

Get out, get out  
Get, get, get out  
Get, get, get out of here  
Can we get out, get out  
Get, get, get out  
Get, get, get out of here?

Good intentions, never good enough  
Can we get out, get out  
Get, get, get out  
Get, get, get out of here?

Going out my mind  
Never getting what I wanted  
Getting what I needed  
I left myself behind  
Never knowing what I wanted  
Knowing what I needed you to do

Reflections you used to see  
Never look alike to me

Get out, get out  
Get, get, get out  
Get, get, get out of here  
Can we get out, get out  
Get, get, get out  
Get, get, get out of here?

Good intentions, never good enough  
Can we get out, get out  
Get, get, get out  
Get, get, get out of here?

So do you want to turn it around?  
And do you want to show me how?  
You are a kaleidoscope  
You are a kaleidoscope  
So do you want to turn it around?  
And do you want to show me how?  
You are a kaleidoscope  
You are a kaleidoscope

Get out, get out  
Get, get, get out  
Get, get, get out of here  
Can we get out, get out

Get, get, get out  
Get, get, get out of here?

Good intentions, never good enough  
Can we get out, get out  
Get, get, get out  
Get, get, get out of here?

So do you want to turn it around?  
And do you want to show me how?  
You are a kaleidoscope  
You are a kaleidoscope  
So do you want to turn it around?  
And do you want to show me how?  
You are a kaleidoscope  
You are a kaleidoscope  
You are a kaleidoscope  
You are a kaleidoscope
