

## Recover

## CHVRCHES

Caught out cold  
Hiding from you in a skin  
So, old  
I'll come, clean  
Everyone-everyone knows  
It's, me

And if I recover  
Will you be my comfort?  
Or it can be over  
Or we can just leave it here  
So pick any number  
Choose any color  
I've got the answer  
Open the envelope

I'll give you one more chance  
To say we can change or part ways  
And you take what you need  
And you don't need me

I'll give you one more chance  
Say we can change or part ways  
And you take what you need  
And you don't need me

I'll give you one more chance  
To say we can change our old ways  
And you take what you need  
And you know you don't need me

Blow by blow  
Honest in every way I know  
You appear  
To face a decision I know you fear

And if I recover  
Will you be my comfort?  
Or it can be over  
Or we can just leave it here  
So pick any number  
Choose any color  
I've got the answer  
Open the envelope

I'll give you one more chance  
Say we can change or part ways  
And you take what you need  
And you don't need me

I'll give you one more chance  
To say we can change our old ways  
And you take what you need  
And you know you don't need me

And you know you don't need me

And if I recover  
Will you be my comfort  
Or it can be over  
Or we can just leave it here  
So pick any number  
Choose any color  
I've got the answer  
Open the envelope

I'll give you one more chance  
Say we can change or part ways  
And you take what you need  
And you don't need me

I'll give you one more chance  
To say we can change our old ways  
And you take what you need  
And you know you don't need me
