Ciara

They say Ciara got the hood  
Ciara got the burbs  
They say Ciara got the moves  
Ciara got them curves

Let me put y'all up on my swag, my swag  
Diva of Decatur, I got stunnas they black, they black  
Up in the salon, the salon to add some tracks  
Pocahontas, I got hair down my back, my back  
Run that back

Guess I just got the nack, the nack  
See a cutie, push up on him, yes, I'm a mack, a mack  
Ain't got no suave, I can travel from trap to trap  
On my J.O., ayo, when my mac talk back  
Run that back

Hello, hello, hello, talkin' bout that fly shit  
Somethin' you can ride wit, did you hear me?  
Hello, hello, hello, don't disturb me  
I don't think you heard me

So I gotta echo, echo  
Raise your voice, raise your voice  
Girls louder than the boys  
Echo, echo  
Say it again, say it again  
Lemme hear you make some noise

They say Ciara got the hood  
Ciara got the burbs  
They say Ciara got the moves  
Ciara got them curves

Now check that bobble on my finger so right, so right  
Got the windows tinted but it's catchin' the light, the light  
Speakers thumpin' hard to that Tupac and 50 track  
They runnin' to the corner yellin' who that, who that  
Run it back

On my shoe game, girl, I'm a fool, a fool  
Down to my Giuseppes and the rims on my Rover too  
Turned 22, nothin' smaller than 22's  
Platinum on the plaque, I got two of 'em back to back  
Run that back

Hello, hello, hello, talkin' bout that fly shit  
Somethin' you can ride wit, did you hear me?  
Hello, hello, hello, don't disturb me  
I don't think you heard me

So I gotta echo, echo  
Raise your voice, raise your voice  
Girls louder than the boys  
Echo, echo  
Say it again, say it again  
Lemme hear you make some noise

They say Ciara got the hood  
Ciara got the burbs  
They say Ciara got the moves  
Ciara got them curves

Turn around, turn around, turn around, turn around  
Let 'em see that body, then tell 'em  
Wipe me down, wipe me down, wipe me down  
You lookin' good enough to hurt somebody

If he didn't hear you before  
Well, I bet that he hearin' you now  
I bet that he's hearin' you now  
He wouldn't listen before  
Well, I bet that he hearin' you now

Hello, hello, hello, talkin' bout that fly shit  
Somethin' you can ride wit, did you hear me?  
Hello, hello, hello, don't disturb me  
I don't think you heard me

So I gotta echo, echo  
Raise your voice, raise your voice  
Girls louder than the boys  
Echo, echo  
Say it again, say it again  
Lemme hear you make some noise

They say Ciara got the hood  
Ciara got the burbs  
They say Ciara got the moves  
Ciara got them curves

Echo, echo, echo, echo  
Hello, hello, hello, hello

Hello, hello, hello, talkin' bout that fly shit  
Somethin' you can ride wit, did you hear me?  
Hello, hello, hello, don't disturb me  
I don't think you heard me

So I gotta echo, echo  
Raise your voice, raise your voice  
Girls louder than the boys  
Echo, echo  
Say it again, say it again  
Lemme hear you make some noise
