

I'm On

Ciara

I don't need you boo...

I don't need nobody else
I can do damage by myself
Walk in the room
Everybody like damn
She can do damage by herself

I don't need nobody else
I can do damage by myself
Walk in the room
Everybody like damn
She can do damage by herself

Ms. Everybody wants it
But can't nobody touch it
Ms. I don't rain, I'm hailing
Go get the umbrellas
Ms. Silence in the room
Click, click, click my Jimmy Choos,
Listen around for tension then...
And everybody's chick is wishin'
They had that

Eye action
Always attackin'
Swaggers go so automatic
Starts to get like an addict, addict
You say it's incredible,
Maybe it's unbelievable,
Damn near inconceivable,
But I say, (I say)
I say, (I say)

Turn off the lights
I got my right hand in position
So I can get that when I'm with ya
Come on, on
Come on, on
I'm on, on
I'm turned on

Come on, on
Come on, on
I'm on, on
I'm turned on

I don't need nobody else
I can do damage by myself,
Walk in the room
Everybody like damn,
She can do damage by herself

Ms. Call the paramedics (uh)
Cause chicks is lookin' sick (uh)
