

# Hate

Cibelle

I hate you so bad when I love you  
'Cause I know you love me too but we gotta leave  
I love you so much when you're near  
Yet I hate you so bad when you make love at me

I hate you so bad when you're "nule"  
'Cause I know you wanna say things but you never do  
I love you so much when you're inside me  
Yet I hate you so bad when your eyes I can't see

I love you so much  
When I hate you so bad  
'Cause I love you so much when I think I am sad  
I love you so much  
When I hate you so bad  
'Cause I love you so much when I think I am sad

I hate you so bad when I love you  
'Cause I know you love me too but we gotta leave  
I love you so much when you're near  
Yet I hate you so bad when you make love at me

I hate you so bad when you're "nule"  
'Cause I know you wanna say things but you never do  
I love you so much when you're inside me  
Yet I hate you so bad when your eyes I can't see

Aah...

I love you so much  
When I hate you bad  
'Cause I love you so much when I think I am sad  
I love you so much  
When I hate you bad  
'Cause I love you so much when I think I am sad

Uuuuuuuuh...

I hate you so bad when I love you  
'Cause I know you love me too but we gotta leave  
I love you so much when you're near  
Yet I hate you so bad when you make love at me

Aaah...

I hate you so bad when you're "nule"  
'Cause I know you wanna say things but you never do  
I love you so much when you're inside me  
Yet I hate you so bad when your eyes I can't see

Don't know why I love you so much  
'Cause I hate you so bad  
When I think I love you in fact  
Then I don't think that I really do  
I don't know if I really do or do I  
Oh my god I think I think  
I love you

I do  
I hate you  
Or I love you...  
Aaah...
