

Dreaming of You

Cigarettes After Sex

Seen you from afar
Wondered who you are
Wondered what you're like
Think you're just my type

And now I'm dreaming of you
Want you, yes I do
Bet you never knew it
Think you'd suit me fine
Want you all the time

And now I'm dreaming
Dreaming, dreaming, dreaming
Dreaming of you
And now I'm dreaming
Dreaming, dreaming, dreaming
Dreaming of you

You're the one I'm calling on
You're the one who's calling me to have it
You're the one I'm calling on
You're the one who's calling me to have it
You're the one I'm calling on
You're the one who's calling me to have it
You're the one I'm calling on
You're the one who's calling me to have it

Dreaming, dreaming, dreaming
Dreaming of you
Dreaming, dreaming, dreaming
Dreaming of you
Dreaming, dreaming, dreaming
Dreaming of you
Dreaming, dreaming, dreaming
Dreaming of you□
