

Sesame Syrup

Cigarettes After Sex

Staring at your Kate Moss shower curtain
Lying on the bathroom floor naked
Hiding coke inside all your orange pixy stix
You take a rail & spread it on your tit

You've had a long list of lovers,
But none of them matter to you except me
I've had a long list of lovers,
But none of them matter to me except you

Sesame syrup
I heard it a long time ago

There's a small black notebook that you keep hidden underneath
your bed
I've seen before
It says every dirty thing that you did with every single boy
You've ever been with...

& we fall asleep to the scent of long stemmed roses
Always dreaming of sex on the ceiling
& we sleep to the scent of long stemmed roses
Always dreaming of sex on the ceiling...
