

## Starry Eyes

Cigarettes After Sex

Starry Eyes  
(for Esme)

Starry eyes  
How can I get to you my true little  
Starry eyes  
What can I say or do for you my little  
Starry eyes  
Starry eyes forever shall be mine

Starry eyes  
What can I say to make you listen  
Starry eyes  
What can I do for your attention  
Starry eyes  
Starry eyes forever shall be mine

When I'm alone I hear & feel you  
Wish that I could reach right out & touch you  
But knowing you're the one to greet me & meet me  
Two alone in the dark may it be

Starry eyes  
The sparks will fall on me  
Starry eyes  
Won't you listen that I'm here being  
For you starry eyes  
Starry eyes forever shall be mine
