

# Boom

Cimorelli

Please someone, come over and rescue me  
Ce-le-brate that we lived through another week  
Got my sneakers on! and my ripped up jeans!  
Just gone my brothers keys...  
Come on stereo  
Don't fail me now  
Need a break - can't wait to get out of the house  
Turn that engine on! and I'll be okay!  
As soon as I hit play!  
I like the Boom! Boom!  
In my brother's car!  
I like the music so loud it almost stops my heart!  
I like the Friday night party in my garage!  
I like my friends all around me like an entourage!  
I like the Boom! Boom!  
I like the Boom! Boom!  
Turn it up till the bass makes the world shake!  
Crank that sound till it feels like an earthquake!  
Neighbors calling up! Gotta turn it down!  
Before they call the cops...  
I like the Boom! Boom!  
In my brother's car!  
I like the music so loud it almost stops my heart!  
I like the Friday night party in my garage!  
I like my friends all around me like an entourage!  
I like the Boom! Boom!  
I like the Boom! Boom!  
Yeah, I like the Boom! Boom!  
Turn it up, fill the room! Room!  
When a song comes on,  
I can't even hold it back, I just gotta move! Move!  
Now every Friday is my day!  
Me and my friends we let loose!  
Lace up our sneakers!  
Blow up the speakers!  
Get down to the beat of the boom!  
I like the Boom! Boom!  
In my brother's car!  
I like that music so loud it almost stops my heart!  
I like the Friday night party in my garage!  
I like my friends all around me like an entourage!  
I like the Boom! Boom!  
In my brother's car!  
I like that music so loud it almost stops my heart!  
I like the Friday night party in my garage!  
I like my friends all around me like an entourage!  
I like the Boom! Boom!  
I like the Boom! Boom!  
I like the Boom! Boom!  
I like the Boom! Boom!
