

I Know You Know It

Cimorelli

Dani:

I know you know this
how I turn away
I stutter on my words
Baby you're so intimidating
Don't want my friends to know
Cause I know what they'll say
Maybe you're not the best idea
but I'm here anyway

Lauren:

This feeling's got me
I don't know how to stop it
I don't know what to do
I put my hands in my pockets
You're something else entirely
And I'm at a loss for words
A loss for words

Katherine:

It's just you and me and this night air
Hoping I look cute to try to fix my hair
I'm just two feet from the edge
and falling fast
You're the kind of exciting
I know can't last, can't last

All:

You got me feeling
like I'm losing my mind here
And I'm just tryna figure out
where I left it
I'm so caught up in this
and baby I know it
baby I know it, you know it
I, I, I know you know it

(Oh no!)

Amy:

That smile is brutal
Why-why can't you look away
I know you know I'm lost
in every single word you say
You make me want to see you
every single day
But I gotta make you think I'm chill
so I'll pretend that I'm busy

Christina:

You say you're loving
all these deep conversations
And I'm losing ground
and losing all of my reservations
Yeah boy you make it hard
to have any hesitations
I'm pacing, heart racing

I'm quickly fading

Lisa+All:

It's just you and me and this night air
Hoping I look cute to try to fix my hair
I'm just two feet from the edge
and falling fast
You're the kind of exciting
I know can't last, can't last

You got me feeling
like I'm losing my mind here
And I'm just trying to figure out
where I left it
I'm so caught up in this
and baby I know it
baby I know it, you know it
I, I, I know you know it

I know you know it
I know you know it
I know you know it
I know you know it

Dani:

I dance in the middle of the street
You tell I got way too much energy
But you like to watch
even though I can be a lot sometimes
Make it so you can't get me out of your mind

Christina:

Almost no cars on the road
Only trees above us know
Just how caught up in the moment
I am, you are, we are

Lisa+All:

It's just you and me and this night air
Hoping I look cute to try to fix my hair
I'm just two feet from the edge
and falling fast
You're the kind of exciting
I know can't last, can't last

You got me feeling
like I'm losing my mind here
And I'm just trying to figure out
where I left it
I'm so caught up in this
and baby I know it
baby I know it, you know it
I, I, I know you know it

I'm so caught up in this
and baby I know it
baby I know it, you know it
I, I, I know you know it

I'm so caught up in this
and baby I know it
baby I know it, you know it
I, I, I know you know it
