(Amy)Then I saw your car driving by my street
Who's that girl in your passenger seat

(Lisa)Tell me why can't you see
Baby, we are meant to be
Got your music up so loud
But you can't hear me

(Christina)Now I'm walking on street like it's runaway
I'm on a mission like 007

Can't you see you're with the wrong girl baby

(Lisa)That girl should be me
