

The Last Time

Cimorelli

It all started right here where we said good-bye
I didn't think that this would really be the last time
You said, "Hey is that the sweatshirt that you wore when I met you?"
When I think about how hard it'll be to ever forget you
Do you remember on the very first night
When you stopped the car, got out and said, "You can drive."
And I asked, "How many girls have you ever let drive your car?"
You said, "You are the first one."

Now when I hear the phone, I think it's you
Think of all the things you made me do
I just can't believe I cried in front of you
Your friend, he thinks you're crazy now
Everytime you say we're hanging out
All of that means nothing now

You know how bad I am at saying good-bye
You I tried to do this so many times
Would you believe me if I told you tonight
This is the last time! (The last time) (The last time)
Hey! I know it seems like I can't make up my mind
I told you I don't care, but that was a lie
But I mean it when I say it tonight
This is the last time! (The last time) (The last time)

This is the last time (The last time) (The last time)
This is the last time (The last time) (The last time)

So now I'm staying up, just to talk to you,
Don't have to tell you where I've been, cause you always knew
And we would hang out in the parking lot,
And now I think about it everytime I drive by that spot
Yeah I remember all the really cold nights
When we talked about our families and people we liked
I put my hood up and you told me that I looked just like an eskimo
Who has a really lovely smile!

Now you're slowly driving me insane
Cause I know you only want the chase
And I can tell you really like to play this game
Now you wrote my initials on your hand
But I wish that we could take it all back
Whatever we are won't last (Won't last!)

You know how bad I am at saying good-bye
You know I tried to do this so many times
Would you believe me if I told you tonight
This is the last time! (The last time) (The last time)
Hey! I know it seems like I can't make up my mind
I told you I don't care and that was a lie
But I mean it when I say it tonight
This is the last time! (The last time) (The last time)
This is the last time!

How could you be so calculating?
You're messing me up so much lately

You got me staying up late, freaking out, sleeping in
I say, "I swear I'm done"
And delete your number again
You said, "I'm dying"
But you act like you don't care so I'll just pretend
This is the last time! (The last time) (The last time)
This is the last time! (The last time) (The last time)

I know how bad I am at saying good-bye
I know I tried to do this so many times!

Would you believe me if I told you tonight
This is the last time! (This is the last time!) (The last time) (The last time)
I know it seems like I can't make up my mind
I told you I don't care, and that was a lie
But I mean it when I say it tonight
This is the last time! (The last time) (The last time)
This is the last time!
This is the last time!
This is the last time!
This is the last time!

This is the last time!
