

Unsaid Things

Cimorelli

I could tell you
The things I left unsaid
I could tell you
How I felt my cheeks burn red
You were the one
The only one I wanted
I could tell you these things I left unsaid

Standing in a circle
Of people we knew
Everyone's talking but I'm only looking at you
It's funny how you can be the only one I see
When you're the one who's clearly looking at her
Instead of me

I could tell you
The things I left unsaid
I could tell you
How I felt my cheeks burn red
You were the one
The only one I wanted
I could tell you these things I left unsaid

I can still feel the tears coming up in my throat
As I went out to the bathroom to be alone

I looked in the mirror and I asked the girl looking back
How did we get here?
What am I missing?
Why am I the only one he's not missing?

I could tell you
The things I left unsaid
I could tell you
How I felt my cheeks burn red
You were the one
The only one I wanted
I could tell you these things I left unsaid

It was just me
The only one who felt so alone
In a room full of people
I should've known...

I could tell you
The things I left unsaid
I could tell you
How I felt my cheeks burn red
You were the one
The only one I wanted
I could tell you these things I left unsaid

Yeah-yeahhhh
Whoaaa-oh-whoaaa
Yeah-yeahhhh
Whoaaa-oh-whoaaa
Yeah-yeahhhh

Whoaaa-oh-whoaaa

I could tell you these things I left unsaid...
