

Up at Night

Cimorelli

(Dani)

I put on my jeans with the holes in the front
I'm tryna pick out just the right outfit to get your attention
You in that plaid shirt could give me a heart attack
Thinking to myself this could be trouble but sometimes I like that
I can see my breath in this cold night air
You put your hood up you look so good that you know I can't help but stare
Yeah
You got a hold on me

(Katherine)

I danced across the parking lot
So nervous but I laughed it off
Now I can't stop looking at my phone just wanna see your name

(Lauren)

When I close my eyes all I see is me right there in his front seat
His headlights pouring down my street
I try to forget but I can't lie
His words keep me up at night
If it's four thirty and I can't sleep
You don't have to guess

What's keeping me up at night
What's keeping me up at night

(Amy)

Sitting on the tailgate, head on your shoulder
I love that you drove all the way out here just to get closer
Last night our phone call lasted for hours
I was in my bed whispering, trying not to wake up my sister
Outside my front door, when you drop me off
Before I go in take a second just to breathe in this moment
Reality sets in

(Christina)

Maybe I don't like your shoes
And you might think sometimes I'm rude
(Well that's true)
But still you find a way to never let me sleeeeep

(Lauren)

When I close my eyes all I see is me right there in his front seat
His headlights pouring down my street
I try to forget but I can't lie
His words keep me up at night
If it's four thirty and I can't sleep
You don't have to guess

What's keeping me up at night
What's keeping me up at night

(Lisa)

I couldn't stop this if I tried
When all the streets whisper your name when I go by
I'm making wishes bout you, heading to my car
Running through the summer rain, screaming at the staaaarssss

oooooooooh

(Lauren)

When I close my eyes all I see is me right there in his front seat

(Lisa)

His headlights pouring down my street

(All)

I try to forget but I can't lie

His words keep me up at night

If it's four thirty and I can't sleep

You don't have to guess

What's keeping me up at night

What's keeping me up at night

You're keeping me up at night

You're keeping me up at night
