

Push, Push

Cinderella

I'm gettin' hot
I've got to give a shot
She wants it all
And that's a lot

I'm gettin' ready
The love's lookin' steady
It's gettin' sticky
I thought she might miss me
She looked at me and said

I need a little
Push, push
Gonna give a little
Push, push
If ya take a little
Push, push
Then you'll get a little
Push, push

She's lookin' fine
Flashin' like a neon sign
She thinks it's love
I said that comes with time

I'm gettin' ready
The love's lookin' steady
It's gettin' sticky
I thought she might miss me
She looked at me and said

I need a little
Push, push
Come and give a little
Push, push
If ya take a little
Push, push
Then you'll get a little
Push, push
Whoa, yea
Push on

I'm gettin' ready
The love's lookin' steady
It's gettin' sticky
I thought she might miss me
She looked at me and said

I need a little
Push, push
Come and give a little
Push, push
If ya take a little
Push, push
Then you'll get a little
Push, push

Woo, push, push
Mmm, keep pushin' me
Push, push
Push on
Push, push
Ooo, yea, yea
Push, push
