

Alive And Well

Cindy Morgan

Who did you call Him
When the people ran to His strong healing hands
Do you know
Who did you call Him
When the children danced in the warmth of His glance
Do you know
You raised your voices in doubt
His blood is falling on you
Do you know

Shattered darkness brought the Light
Poured the blood and pierced the night
Sweet salvation shine the Light
My Savior He's alive and well
Shattered darkness brought the Light
Poured the blood and pierced the night
Sweet salvation shine the Light
My Savior He's alive
Who did you call Him
When He raised the dead and all of Hell's demons fled
Do you know
Who did you call Him
Did He demand your all and in your pride
Now you fall once again
I've touched the wounds in His side
And He dried the tears in my eyes
And He's Alive

Hallelujah, hallelujah, hallelu, hallelujah
Hallelujah, hallelujah, hallelu, hallelujah
He's alive. hallelujah.
Do you believe it He's alive, He's alive and well
Shattered darkness brought the Light
Poured the blood and pierced the night
Oh won't you lift your voices and sing
Yeah sweet salvation
