

I'll Stand

Cindy Morgan

How to begin is more than I can plainly say
From where I have been
I know You carried me all the way to this place
Oh Lord, I feel I want to somehow say this for You

As long as I stand
I'll stand with You against the rages of man
Through changing sand with all that I am
I'll praise the rock that saves the souls of man
Forever, I'll stand

How can it be, it's taken all this while to see
Just what it all means
But now I understand that it was
That it was all about You

As long as I stand
I'll stand with You against the rages of man
Through changing sand with all that I am
I'll praise the rock that saves the souls of man
Forever to praise you, I'll stand

And I can't say just what the future holds
Or what will come one day
But I believe that heaven hold the ones
Yes, the ones who will stand and say

I'll stand with You against the rages of man
Through changing sand with all that I am
I'll praise the rock that saves the souls of man
Forever, I'll stand

I'll stand with You against the rages of man
Through changing sand with all that I am
I'll praise the rock that saves the souls of man
I'll stand, I'll stand

I'll praise the rock that saves the souls of man
Forever, forever I'm gonna praise you, I'll stand
