

Oh How The Angels Are Falling

Cindy Morgan

He was 11
His sister 3
Her life snuffed out accidentally
Copied the rage from
Snoop our modern sage
Chrissy was 9
Not even in her prime
Dead, dog leash around her head
She played the part from Hollywood's violent art
At 28 Daniel was late
Never found peace
Now deceased
Copied Cobain, blew out his brain
Oh how the angels are falling
