

# The Only Way

Cindy Morgan

Here you come  
With your swords and clubs  
Thinking that  
You're gonna fight today  
Small applause for your  
Rebel cause, cause My  
Feet are walking by another way  
Flames and torches  
Marching forward to fate  
Don't you know

I am the Light  
I am the Truth  
I am the Voice  
That will lead you  
I am the Peace  
I am the Love I am the Way  
I am the Way I'm the only Way, oh  
Flowing robes in a judge's pose  
But their evidence is all full of holes  
Pilate's washing his bloody hands  
But he just can't get 'em clean  
Crucify Him, crucify Him today - don't you know

I am my Father's Son  
It is as You say  
Lord Thy will be done  
Drink the cup drink it up  
Drink the blood drink it up  
Drink the cup for the children's sake  
I'm the only Way  
Don't you know  
I'm the only Way
