

Erase and Replace

Cinema Bizarre

Do you erasa
What you're thinking
And replace
What you feel

Do you know how it hurts
When you lose a friend
You waste your time with anger
Waste your life with fear

Do you know what it means
When the story ends
You simply can't help hiding
You can't say what you feel

Do you erase and replace
What you're thinking
Do you erase and replace
What you feel

There are so many ways to get lost
When love is bleeding
Erase and replace
Now what is real

It's so hard to forget
When you simply can't
You need something to believe in
But you can not turn back time

It is true that you win
Even if you lose
The things that really matter
They're always on your mind

Do you erase and replace
What you're thinking
Do you erase and replace
What you feel

There are so many ways to get lost
When love is bleeding
Erase and replace
Now what is real

You keep looking for something
That's been in front of your face

Do you erase and replace
What is missing
Erase and replace
'Till it's here

Do you erase and replace
What you're thinking
Do you erase and replace
What you feel

There are so many ways to get lost
When love is bleeding
Erase and replace
Now what is real
