Forever Or Never

Cinema Bizarre

Don't believe in miracles I never did Nothing ever happens here So sick of it

I-I-I told you
I-I-I need to
Get - get myself into something new
I'm for something mystical, histerical,
Dark, intensive, sexual

I'm not gonna live forever
Said I'm not gonna live forever
Better make it now or never
(ever, ever)
I'm not gonna live forever
Said I'm not gonna live forever
Gotta make it now or never
(forever or never)

I don't believe in fairytales Too cynical Everybody stop and stare I let it go

I-I-I told you I-I-I need to Stick - stick - stick out Just to keep be like you

Send myself to out of space A better place Gotta win the human race

I'm not gonna live forever
Said I'm not gonna live forever
Better make it now or never
(ever, ever)
I'm not gonna live forever
Said I'm not gonna live forever
Gotta make it now or never
(forever or never)

For my love For my love, it's forever, forever

I'm not gonna live forever
Said I'm not gonna live forever
Better make it now or never
(ever, ever)
I'm not gonna live forever
Said I'm not gonna live forever
Gotta make it now or never
(forever or never)
