

In Your Cage

Cinema Bizarre

In your cage
You're the one to rule the game
Here you feel safe
But no ones gonna call your name

You're a slave
Your mind directed by the tear stream
No time to waste
Life's more than what your eyes can see

You've got to wake up and make a change

In your cage
You're a slave
You've got to speak your mind
In your cage
You're a slave
You've got to leave your slave behind, behind, behind

In your cage
no ones gonna question your claims
If you won't change, you'll have to play on higher stakes
This life is yours
Don't sell your freedom for security
Open your door
You just need to turn the key

Cause no ones gonna live your life for you

In your cage
You're a slave
You've got to speak your mind
In your cage
You're a slave
You've got to leave your slave behind, behind, behind

Ohohohoh oho
Ohohoh oh
Leave your slave behind
Ohohohoh oho
Ohohoh oh ohohoh
Leave your slave behind, behind, behind

In your cage
You're a slave
You've got to speak your mind
In your cage
You're a slave
You've got to leave your slave behind
You've got to leave your slave behind

In your cage
You're a slave
You've got to speak your mind
In your cage
You're a slave
You've got to leave your slave behind, behind

Ohohohoh oh
Ohohoh oh
In your cage
Ohohohoh oh
In your cage
Ohohoh oh ohohoh
You're a slave
Ohohohoh oh
You're a slave
Ohohoh oh
Leave your slave behind
