

## Lovesongs (They Kill Me)

Cinema Bizarre

The curtain's closed  
No way home  
The nectar of life run dry  
These tainted words  
Made to hurt  
Cut in me with its' knife

Eating my mind  
And with each bite  
I'm begging "Please Lord, no"

This place is a mess  
The one has gone

Lovesongs, they kill me  
They kill me... Now  
Love songs are killing me  
Are killing me... Right now

Trained to attack  
Bull eye shot in black  
I never thought they'd get me  
These pictures in my head...  
Lying in my bed...  
These whips make me bleed

This place is a mess  
My one has gone

Love songs, they kill me  
They kill me... Now  
Love songs are killing me  
Are killing me... Right now  
Love songs are killing me  
Are killing me... Right now

I can't hear the sceneries  
Of constant tragedies  
Of what I meant to feel no more  
'cause I'm already dead  
And I just cannot bear  
To hear another word no more

Love songs, they kill me  
They kill me... Now  
Love songs are killing me  
Are killing me... Right now  
Love songs are killing me  
Are killing me... Right now

Love songs are killing me  
Are killing me... Right now
