She Waits For Me

Cinema Bizarre

Two weeks have passed since she last asked me for an answer and I'm sorry now But thinking back I thought that maybe I could please you but I can't so now I made your bed while you were in the shower I guess I think at a hundred miles an hour And any minute she'll be back to ask me if I got the answer now Still she waits for me Still she waits for me Miss independent, you've got everything you need to make it on your own You say you're happy but I know that you're still waiting on th e telephone We started out when everything was easy But you're still thinking about the way we could have been Two weeks have passed since she last asked me for an answer and I'm sorry now Still she waits for me Still she waits for me

Still she waits for me Still she waits for me Still she waits for me

I'm putting pressure on my wounds To stop the bleeding but I'm passing out Can't ask me back or make me better You're the devil and you bring me down Don't want to tell you about the way I really feel But you're still pushing a heart thats only made of steel And any minute you'll be back to ask me if I got the answer now

Still she waits for me Still she waits for me Still she waits for me Still she waits for me
