## **Forget to Forgive**

**Cipher System** 

Just a little taste, then best friends we are You take me in, just to spit me out again This time is now, my time is gone My freedom leaves me, a broken soul.

Every day is a struggle for survival In filth I subsist To live like this is a gift I don't possess no more Destination: haven.

Vindicate, a formless shape, creating its own self. Ominous, a future I didn't predict.

It is the reason we, forget to forgive. So hard to keep it in order, it is the reason we It is the reason we, forget to forgive. So hard to keep it in order, it is the reason we-
