

Every Way

Circa Survive

I would find a different way to say
You're gonna have to change everything you've made
You're gonna have to reword every metaphor you'd use
So that people who are hearing aren't confused

If that's the most important thing you do
Detail every ounce of pain that you went through
Make sure you leave something down to show the way back
Make sure you leave something down to show the way back

Every way you wonder if you're wrong
Every way you wonder if you're wrong
Inaccurate and imprecise
There is no gift without a price

I'm so mistaken, lost my direction
My souls been shaken

I would find a different way to go
There's no signs in life to guide you on that road
And if it's the most important thing you'll say
Make sure they understand

Every way you wonder if you're wrong
Every way you wonder if you're wrong
Inaccurate and imprecise
There is no gift without a price

Every way you wonder if you're wrong
(I'm so mistaken)
Every way you wonder if you're wrong
(lost my direction)
Every way you wonder
Every way you wonder
(my soul's been shaken)
Every way you wonder if you're wrong
you are
