

# Think of Me When They Sound

Circa Survive

How long will it take  
How long will you wait for me  
I don't want to bring you down  
Anymore more then I have  
I just want the things you had  
And it means everything

How long will you wait  
( We won't make it out )  
I can't stand to feel this way  
( We won't make it out )

Church Bells  
Church Bells

How long will you wait  
( We won't make it out )  
How long will you wait for me  
( We won't make it out )  
How much can you take  
( We won't make it out )  
How long will you wait for me
