

Crying Shame

Circa Waves

Oh you used to wait for me,
Catching the bus past the cemetery,
Yeah we were one pod two peas,
you got me.

Laughing at shit jokes,
Taking a walk down to Jims road,
Yeah we were right down the front row,
The front row.

And I know, I know,
I need you today like a crying shame
needs a place to stay.
And I know, I know,
I'd jump in the way of a moving car,
just to make your day.

So you used to wait for me,
But I'm losing the memory,
Now we talk every other week.

And were laughing at shit jokes,
Now that you live on your own road,
I'm holding on just to stay close,
Stay close.

But you say oh,
Go ahead alone,
And I will follow on,
And wherever you go I'll go.
Yeah wherever you go I'll go.

And I know, I know,
I need you today like a crying shame
needs a place to stay.
And I know, I know,
I'd jump in the way of a moving car,
just to make your day,
just to make your...

But you say oh,
Go ahead alone,
And I will follow on,
And wherever you go I'll go.

But oh,
Go ahead alone,
And I will follow on,
And wherever you go I'll go.
Yeah wherever you go I'll go.
Yeah wherever you go I'll go.

And I know, I know,
I need you today like a crying shame
needs a place to stay.
And I know, I know,
I'd jump in the way of a moving car,

just to make your day.
