

Get Away

Circa Waves

Oh, my heart is swollen
And I need these skies
To show how
I left myself a long time ago
Riding around
[?] feeling eyes
So I can't see
That I left myself a lone time ago

I couldn't get away if I wanted to
My hands are tied
Tied to you
But I don't mind, no
I couldn't get away if I wanted to
My hands are tied
Tied to you
But I don't mind, no

A silver line in a dark sky
And I pay no mind
But still try
But I left myself along time ago
Working day
Across you
The time we pray
When I forgive you
But I left myself a long time ago

I couldn't get away if I wanted to
My hands are tied
Tied to you
But I don't mind, no
I could get away if I wanted to
My hands are tied
Tied to you
But I don't mind, no

Stay true to you
When you know
So I'm holding out
To gracefully grow old
And the wiser any man could be
Makes the suffering all the more easy
The more easy

I couldn't get away if I wanted to
My hands are tied
Tied to you
But I don't mind, no
I could get away if I wanted to
My hands are tied
Tied to you
Tied to you, tied to you
