

Stuck

Circa Waves

Saturday you wake up
Grab a coffee cup
Read the morning paper
And realised you're stuck

Yeah you are stuck
Stuck

You catch a couple hours
Of poisonous TV
You crawl into the shower
And look around and see

That you are stuck
Stuck

So shoot me down, shoot me down my love
I messed around, I messed around so much
Shoot me down when you've had enough, ohhh

Saturday you wake up
You're sticking to the floor
You try to make some sense of
A hundred things or more

That you are stuck
Stuck
Yeah you are stuck
Stuck

So shoot me down, shoot me down my love
I messed around, I fucked around so much
Shoot me down when you've had enough, ohhh
Shoot me down, shoot me down my love

But oh, just keep holding on
Just keep holding on
The sun's been and gone
And we're all just beginning
Oh, just keep holding on
Just keep holding on
The sun's been and gone
And we're all just beginning
Yeah we're all just beginning
Yeah we're all just beginning
Ohhh

Yeah we are stuck
Stuck
Yeah we are stuck
Stuck
