

# Last Goodbye

Circus Maximus

It all came down the other day  
I was waiting for the call  
Hoping they would say  
"Everything is gonna be all right"  
And you would come home tonight  
I've been having bad dreams since the  
Day the "news" arrived  
Been living in hope and facing the fear  
Of losing you and have my life deprived

I can see the pain in your eyes  
And the hell your going through  
And if I could I would sacrifice  
And give my life for you  
No here we are at the end of our road  
It's time to say our goodbyes  
Last breath of life, with a silent cry

I remember the walks we had  
The nights we never slept  
I remember the time when you  
Turned and said to me

I will always love you  
I will never let you go  
In my heart that's where you follow  
Now it's time for you to know  
There were times my heart was aching  
There were times I thought I'd make it  
On my own... This is my last goodbye

I see the cloudless skies  
Inside my soul it cries

Some say it's like autumn breeze  
Some say it's just a game we play  
I believe it will go away  
But until that day  
I would be here in my own misery  
Misery

When you went away that day  
The world came down on me  
We've been best of friends forever  
And now it is time to let you go  
Your spirit carries on as my  
Life continues on alone

I will always love you  
I will never let you go  
In my heart that's where you follow  
Now it's time for you to know  
There were times my heart was aching  
There were times I thought I'd make it  
On my own... This is our last goodbye

I see the cloudless skies

Inside my soul it cries  
The scent makes me remember you
