Mr. Dali Lamas
Another sister's shootin' heroin tomorrow
Amputees in Freetown
Sierra Leone's
The church wasn't honest
The state put the youth in a harness
Creatin' hostility among us
Teacher said no college
Still the kid's gotta get a check with a couple commas
People wanna bomb us
More people gotta scatter and run from us
You can blame it on Zeus and Apollo and Adonis

But what you've done here
Is put yourself between a bullet and a target
And it won't be long before
You're pulling yourself away

But what you've done here
Is put yourself between a bullet and a target
And it won't be long before
You're pulling yourself away

I've been knowing her for years I've been seeing her for years She got dark, dark wavy hair With a voice like she just don't care She got a skirt with a halter top She's got a dad who never gave a fuck She drinks a beer with a malted top She got knocked up in a pickup truck But she got engaged when she was nineteen To this dude who was acting insane Had a .45 that he always cleaned Said one day one day one too many days Now she ducked and she ran away Never to be heard from, never to be seen I check the cover of a magazine I'm just wondering how, just wondering how

But what you've done here
Is put yourself between a bullet and a target
And it won't be long before
You're pulling yourself away
A bullet and a target
Between a bullet and a target
