

Comin' Back

Citizen Cope

He was down on his luck
Put his bag in the back of his black Cadillac Coupe DeVille
He had a meeting at the crossroad
But he didn't know that his soul was about to get killed

You can leave me lonely,
You can take my riches,
You can take my life, but my soul been saved.

He felt the cut of a sword, but the pen's mightier
Then he spread his wings and he flew away, Yeah Yeah.
If anything... is happening... I'm comin' back
I'm comin' back

For your ass, mother fuckin' fast is,
How you be running in the day.
Now you're gonna feel how,
how it feels to be running when you can't get away

You can leave me lonely,
You can take my riches,
You can take my life, but my soul been saved.

He felt the cut of a sword, but the pen's mightier
Then he spread his wings and he flew away, yeah, yeah
If anything... is happening...I'm comin' back
I'm comin' back
If anything... is happening...I'm comin' back

I'm comin' back
I'm comin' back
I'm comin' back

I'm comin' back (yeah)
I'm comin' back
I'm comin' back
I'm comin' back (yeah)

Well he was down on his luck
Put his bag in the back of his black Cadillac Coupe DeVille
He had a meeting at the crossroad
But he didn't know that his soul was about to get killed

You can leave me lonely,
You can take my riches,
You can take my life, but my soul been saved.

He felt the cut of the sword, but the pen's mightier
Then he spread his wings and he flew away, yeah, yeah.
If anything... is happening...I'm comin' back
I'm comin' back
If anything... is happening...I'm comin' back
I'm comin' back

I'm comin' back (yeah)
I'm comin' back
I'm comin' back (yeah)

I'm comin' back
I'm comin' back
I'm comin' back (yeah)

I'm comin' back... I'm comin' back to stay
I'm comin' back... I'm comin' back to stay
I'm comin' back... I'm comin' back to stay
I'm comin' back... I'm comin' back to stay

I'm comin' back... I'm comin' back to stay
I'm comin' back... I'm comin' back to stay
I'm comin' back... I'm comin' back to stay
I'm comin' back... I'm comin' back to stay
