

One Lovely Day

Citizen Cope

She won't give in,
She won't crack a smile or a grin.
She won't give in,
But she sure is different.

It's written in red
All in her eyes,
There's no disguise.
Well, she lost so much in Tivoli.

Together we could go,
To where there ain't no more pain,
Together we could fly,
To where there's time for you and I.
Together we could walk
To the river, stand with the families,
Move to the sound of the band from Atlantis,
One lovely day,
One lovely day,
One lovely day,
One lovely day.

She won't let on,
The feelings she got ain't so strong,
She won't let on,
But I'm never gonna leave her alone.

It's written in red
All in her eyes,
There's no disguise.
Well she lost so much in Tivoli.

[Chorus x2]
