

Drawn Out

Citizen

Slow down, I want to watch you on your own now.

I've been keeping quiet for a while.

Now that you're fine.

Catch your breath before I get home in the morning.

You walk outside in a hurry.

Before I get home in the morning,

You'll walk outside tonight.

Drawn out, I was empty, you were alright.

I found all the pieces you left outside.

Now that you're fine,

Catch your breath before I get home in the morning.

You walk outside in a hurry.

Before I get home in the morning,

You'll walk outside tonight.
