Drawn Out

Slow down, I want to watch you on your own now.

I've been keeping quiet for a while. Now that you're fine. Catch your breath before I get home in the morning. You walk outside in a hurry. Before I get home in the morning, You'll walk outside tonight.

Drawn out, I was empty, you were alright. I found all the pieces you left outside. Now that you're fine, Catch your breath before I get home in the morning. You walk outside in a hurry. Before I get home in the morning, You'll walk outside tonight.
