

Woman

City and Colour

Woman

My love is never ending
Like a sea without a shore

Woman

I'm a fool guilty of old crimes
But you are the one I adore

Woman

When the world has emptied
and the planet is covered in dust
I will stand beneath the silver moon rising
Waiting to resurrect our love

Woman

My love is never ending
Like a sea without a shore

Woman

I'm a fool guilty of old crimes
But you are the one I adore

Woman

When the world has emptied
and the planet is covered in dust
I will stand
Stand beneath the silver moon rising
Waiting to resurrect our love
