

## Promises

## City Lights

I'm done with your promises  
You know where to go

Make me an offer that I can't refuse  
Make me believe that I've got nothing to lose  
Drain every last ounce of hope from my body  
And I'll still stand strong, I'll still walk tall

I used to think you were somebody special

I'm done with your promises  
You know where to go  
Back where you came from  
There's nothing left for you  
I'm done with your promises  
You know where to go  
Back where you came from  
There's nothing left for you here

Bend me and break me, beat me down with your fists  
Try to forget me, pretend that I don't exist  
Tear down and destroy what's left of my spirit  
And I'll still break free, you're a crippling disease

I'm done with your promises  
You know where to go  
Back where you came from  
There's nothing left for you  
I'm done with your promises  
You know where to go  
Back where you came from  
There's nothing left for you here  
There's nothing left for you

You've been telling me  
What I wanted to hear  
But now I'm not listening  
I'm not listening  
Not anymore, yeah!

I'm done with your promises  
You know where to go  
Back where you came from  
There's nothing left for you  
I'm done with your promises  
You know where to go  
Back where you came from  
There's nothing left for you here  
There's nothing left for you here
